## EARLY COLLEGE OF EXCELLENCE

DETROIT EDISON PUBLIC SCHOOL ACADEMY

### Thought of the week

#### PROGRESS REPORTS / REPORT CARDS

##### The Importance of School Progress and Report Cards

Progress reports are not the same thing as a report card, which is the final representation of the student's grade for a class. However, progress reports serve an important role in allowing teacher, students and parents to track how well the student does throughout the year. In turn, this gives students a chance to correct study habits, modify their behaviors and make other changes to keep themselves on a positive academic course.

#### STUDENT AWARENESS

Progress reports give students an academic advantage. The students get to see how well they are doing and what the teacher's perceptions of them are in class. This helps eliminate some of the shock that comes when they get their end of the quarter report cards. With school progress cards, students have the chance to identify their improvement needs and make changes to bring their grades up before the final report cards are released.
